INDEVA®

INTELLIGENT DEVICES FOR HANDLING

INDEVA HOIST

Innovative technology for:

- > Better ease of use
- > Higher safety
- > Increased performance

INDEVA® HOIST

INDEVA® HOIST redefines the Standard of Excellence of traditional hoists

Scaglia Indeva is proud to present INDEVA® Hoist, designed with the aim of improving **ease of use and safety for the operator, as well as overall productivity** compared to traditional hoists.

Main distinguishing features & advantages:

> **Improved ergonomics and ease of use** thanks to the sensing handle:
- automatic speed variation
- no buttons to press and keep pressed for the up/down movements

> **Easy load rotation** thanks to its standard swivel hook

> **More precise movement and positioning of the load** than with conventional hoists thanks to automatic speed variation

> **Easy Maintenance:** emergency status and maintenance required lights on the power supply box

2 versions available:

> Max load capacities 500 kg

> Max load capacities 1000 kg

Innovative head

> Sturdy, yet lightweight

> Compact, ergonomic design allows for **greater visibility of the workspace and improved manoeuvrability**

> It incorporates the emergency and status lights

	INDEVA ELECTRIC CHAIN HOIST	
SIZE (kg)	**500**	**1000**
V Min (m/min)	1	1
V Max (m/min)	8	8
Stroke (mm)	2800	2800
Electric supply (V)*	400 V AC	
FEM 9.511 / ISO 4301-1	2m / M5	

*Class A differential and D-curve circuit breaker
